Software developer building **NestJS**, **PostgreSQL**, and **Kafka** backend services and **Flutter** mobile apps. Experience at Ora Technologies spans payment workflows, internal operations tools, and the Kooul app for iOS and Android.

EXPERIENCE

ORA TECHNOLOGIES | Junior Software Developer

Dec 2023 - Present | Casablanca, Morocco

- Built **NestJS** and **PostgreSQL** services for Ora Cash, including authentication, role-based access control, and transaction-related modules.
- Developed backend features for the Ora Cash admin panel: **audit logs, dashboards, exports, and wallet and transaction management**.
- Integrated APIs and messaging infrastructure using **Kafka**, with validation and monitoring to support service reliability.
- Developed the **Kooul Flutter app for iOS and Android**, covering authentication, browsing, checkout, order management, and real-time tracking.
- Integrated push notifications, analytics, remote configuration, maps, and secure local storage into mobile workflows.

SELECTED PROJECTS

ft_transcendence | Real-time multiplayer game

Led backend development with **NestJS** and **Socket.IO**: APIs, JWT authentication, real-time chat and notifications, and GitHub Actions CI/CD.

WebServ | HTTP/1.1 server in C++

Built an HTTP/1.1 server with a teammate in **C++**, using non-blocking I/O and multiplexing for concurrent connections. Implemented CGI and keep-alive support.

Inception | Docker infrastructure

Orchestrated **WordPress**, **Nginx**, **MariaDB**, and **Redis** with Docker Compose; configured networks, container security, and service automation.

TECHNICAL SKILLS

Backend: TypeScript, NestJS / Node.js, PostgreSQL, Kafka, REST APIs, Socket.IO

Mobile: Dart, Flutter, iOS / Android | **Systems:** Rust, C / C++ | **Additional:** Python

Tools: Docker, Git / GitHub Actions, Linux / UNIX, networking

EDUCATION

1337 Coding School | Computer Science | Jan 2021 - Jan 2025

Ben Guerir, Morocco

Baccalaureate in Mathematics | Suleiman Al-Roudani High School | 2018 - 2020

LANGUAGES

Arabic: Native | **English:** Business level
